Dear Mr. Childs;

I have shown your letter, asking information as to Southern participation in Northern mobs, to several of our friends here, and have written to Mr. McKim at Phila. for early information from that quarter. Mr. H.C. Wright Garrison, & others are perfectly sure of the fact of the presence & aid of many Southerners in the Julien Hall affair, in

the "prospects of standing" met of 1835, &c. &c. though they know not just what evidence can now be had. The thing was notorious at the time, - they all agree.

Beyond the above I have done nothing, and, crowded as I am by my work, and sadly behindhand in it, shall not be able to do more, and ought not to leave you to suppose that I am doing more.

Therefore I write —
sorry for my inability
to give you more effectual
aid.

Mrs. Child
will soon be receiving
proofs of her pamphlet.
Mr. Yerrinton thinks it
will go to 96 pp. She
will see that copy is
sent, with proof. And
that Mrs. C.'s instructions
are complied with. Garrison
thinks it best to omit our
Society's imprimatur.

Truly Yrs. Samuel May Jr
